

# Fire Permits

A fire permit is required by property owners for private property. A permit can be received from the Bay St. Louis Fire Station #1 at (228) 467-4736.

All fires should have a water source available near the fire and must be out by dark, except beach bonfires. Fires must be supervised at all times and never left unattended.

## Class I

Leaves, trimmings and limbs. Pile not to exceed 6 feet in diameter and 4 feet in height.

## Class II

Building debris and lot clearing. This must be inspected and approved by the BSL Fire Department. No hazardous materials may be burned. The pile may not exceed 6 feet in diameter or height.

## Class III

Beach Bonfires. This is processed through Hancock County. Please call the Hancock County Code Office at (228) 467-4157.

## Outdoor Fireplaces, Fire Pits and Chimeneas

Permits are not required for small personal fires using outdoor fireplaces, fire pits and chimeneas. Fire pits should have a brick, stone or other boarder as parameter to contain the fire.
