

Boat Launches & Fishing Piers

Boating, fishing, kayaking, and crabbing are activities that our residents enjoy. Bay St. Louis provides amazing access to the waterway for launching boats and kayaks as well as fishing on public piers.

The seawall in Bay St. Louis on N. Beach Blvd. is another great place for the public to fish and crab. Fishing licenses from the State of Mississippi may be required. For more information about fishing licenses, contact the Mississippi Department of Wildlife, Fisheries & Parks.
