

Bay St Louis is "A Place Apart." As the Mayor of this wonderful city, I am proud to say that Bay St Louis is a great place to live, work, play, and pray. Our community, which lies on the Mississippi Sound, is a first-class destination for water recreation, a vibrant arts scene, friendly people, and a welcoming atmosphere.

Whether you are just starting your career, raising a family, or looking to retire in a beautiful and peaceful setting, Bay St Louis has something to offer. Our city is home to a diverse and welcoming community with plenty of opportunities to get involved in local events and activities. Bay St Louis has a strong sense of community and takes pride in supporting one another and working together to make Bay St Louis a better place for all.

Our public and private schools are among the top-tier schools in Mississippi, making Bay St Louis an ideal place to raise a family. None of these accolades would be possible without the support and dedication of the people who call Bay St Louis their home. We take pride in our community and always look for ways to continue to be a place apart. So, come and join us in Bay St Louis and experience our town's warmth and hospitality.

Whether looking for a great place to raise a family, a favorite go-to spot for a weekend getaway, or a peaceful place to retire, we have something for everyone.
